Industrial design

The smooth concrete finish contrasts strongly against the dark accents in this design. The neutral colour palette of black and grey makes the space seem larger, while the smooth curves of the basin and bath soften the harshness of concrete grey. This is industrial design simplicity at its finest.

Coastal design

A coastal bathroom uses natural beach tones, and a mix of textures to create a relaxing modern bathroom. Using a simple design in shades reminiscent of the sea and sky, and materials such as timber combined with crisp white, generates an appealing space that feels calming and restful.
